FUNDING OPPORTUNITIES

WUSME supports SMEs and Start-up companies searching for funding sources from more traditional forms such as bank loans and public financing, up to innovative instruments such as guarantee funds, micro credit, venture capital, business angel, crowdfunding and incubators.

INTERNATIONALIZATION

WUSME promotes access and expansion of SMEs on the foreign market through the development of specific business processes able to promote the exchange with other countries. For an enterprise eager to open up to international markets, opportunities are many thanks to the increasing integration and interdependence of countries in various sectors of trade and industry and the development of communications and transport network, all conditions for the extension of the interactions on a planetary scale.

NETWORKING

WUSME offers SMEs the opportunity to meet other businesses, develop new contacts and share new projects, strengthen relationships with qualified partners coming from different countries and nationalities in a business environment favorable and encouraging the presence and action of global alliances, international trade operations, clusters of production processes and value chains, in order to allow SMEs to reap the benefits of globalization.

B2B, SMEs LINKAGE AND COOPERATION

One of the main sectors of activity of WUSME is the collaboration between SMEs, putting in contact entrepreneurs from different countries and entrepreneurs with institutions, to achieve stable and synergic forms of cooperation. The intervention takes shape with the organization of meetings and workshops on business themes of a host country and third country companies that have made, with a view to conclusion end the cooperation agreements.

BUSINESS OPPORTUNITIES

WUSME offers assistance to SMEs in taking advantage of business opportunities offered by the Institutions, International Organizations and others Procurement Systems.

COMPETITIVENESS

WUSME aims to promote the emergence and development of small and medium-sized enterprises able to think and act *glocal*, face new markets and evolve, offering different and new products and services and adopting innovative strategies to keep pace with new scenarios of XXIth century.

EDUCATION & TRAINING

WUSME helps to create a sustainable and competitive private sector, promoting the access of SME entrepreneurs to quality training and appropriate managerial and entrepreneurial skills, allowing them to take advantage of existing services and information to improve their own.

INNOVATION

WUSME encourages the creation of innovative HIGH-TECH SMEs and introduction of modern process in SMEs operating in traditional sectors, facilitating the connection with networks of knowledge and the cooperation with Techno-Science Parks worldwide.

KNOW-HOW AND TECHNOLOGY TRANSFER

WUSME helps businesses to innovate, together in the process of introduction of new technologies, processes, products, supporting them in the scouting of financing and technology partners, enhancing their role in economic and productive growth. WUSME is also intended to encourage integration and cooperation between the world of research (universities, research centers, businesses, etc.) and the world of SMEs who wish to improve their competitiveness through technology transfer and the scouting of financial resources to be allocated for the purpose.

DIRECT FOREIGN INVESTMENT

WUSME creates opportunities to attract direct foreign investment, offering the possibility of activating exchange through its network of contacts and international relations.

WOMEN ENTREPRENEURSHIP EMPOWERMENT

WUSME promotes the participation of women in the economy of each country to improve their general level of life through networking, information sharing, mentoring skills, capacity building and leadership. As a result, women entrepreneurs are exposed to greater trade opportunities and programs aimed at improving their competitiveness in the international market.
